

COMFORT AND SECURITY, JUST A TAP AWAY

Proteco Open your world

The simplest and **most innovative end-user** solution for managing gates, garage doors, shutters, and road barriers with a single click from any **iOS or Android mobile device**

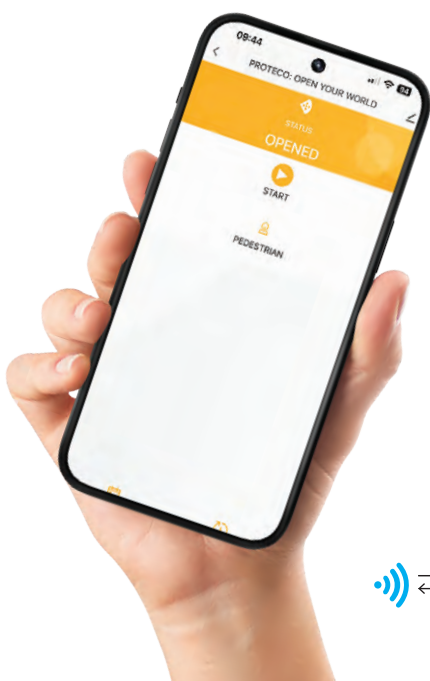

Control all your automation systems with one touch

Proteco Open Your World is an app integrated into **Tuya's Smart Life** platform, enabling full integration with all compatible home automation systems.

Proteco's mobile application that makes your daily routine easier

Proteco

Open your world

With the PROTECO App, managing your automations from your smartphone has never been easier:

Smart distance control

Monitor and control the operation and status of your automation systems in real time through the App. You can manage your country house gate or home garage door even while you're away on a business trip.

Smart distance command

Convenient and smart - open, close, or lock your gate and garage door remotely. Even while you're at work, you can use your smartphone to let your kids in if they forget their keys.

Routines

Set time schedules to automatically open and close your gate based on your weekly routine.

Multi-user functionality

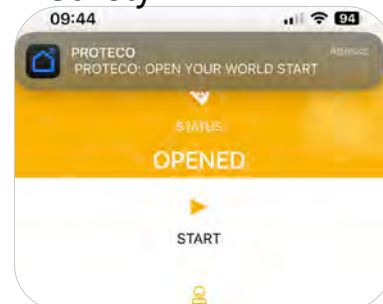

Authorize your family members and/or collaborators to independently open the gate. You can also set a time limit for shared access.

Multi-device

Manage **all your automation systems** effortlessly with a single app-whether it's your home gate, your business entrance, or your vacation property's gate.

+ Safety

Receive notifications when the gate opens or alerts in case of malfunction.

Technology that supports you from anywhere

Smartbox

A universal interface that lets you control all existing automation systems equipped with Q80 and Q20 series control units through the **Proteco Open Your World App**

Smartkey

Advanced plug-in interface for managing MATRIX and S_PARK series automations via the **Proteco Open Your World App**
